WHAT DO YOU GET WHEN YOU JOIN THE CFF?

The CFF knows that football belongs to the people and not to an organization or individual.

The best you can do for people and football, is to humble and serve it as best you can.

If you can see how football brings people together, you can see the positive impact it can bring your community.

We are nearing the end of our inaugural first season as the Community Football Federation and the race is closer than ever.

A slip-up here or there can cost you a few log positions. So the tension is high, and as supporters we love that.

As we end this season, we are already in an advanced stage of preparing the new season which starts in October.

The pre-season almost immediately starts when this season ends, so there is no time to rest.

The calendar is full with events, trainings and workshops, which some we can divulge already; but some we can't as yet. But we are working.

We at Blue Ocean take pride in our approach and having been involved in football administration for many years, we know when to move to the next step.

Our philosophy is to always improve, go bigger and innovate something new.

See you all soon.

What to expect from the 2024/25 season?

1 **PROMOTION/ RELEGATION LEAGUE SYSTEM**

FIRST DIVISION

The Community Football Federation is about to finalise its first inaugural season and has already started planning the 2024/25 season. In fact we are way ahead of the curve in regards to that.

So what can we expect from the upcoming second season?

We are glad you asked...

We have circulated the fact that we are open to new teams or clubs that are interested in joining our venture, and the interest has been phenomenal so far. We receive enquiries on a daily basis from interested clubs.

So how are we going to incorporate the interest into the current structure. Well, we can't. The current structure will need to evolve and be in a position to absorb and accommodate all those interested wanting to play competitive football in their communities.

We will re-structure our Leagues and introduce a promotion / relegation league system.

The Community Football Federation (CFF) is administered by the Blue Ocean Group.

The website is hosted by Blue Ocean Dynamic and administered as such too.

With the new season approaching it will be imperative that the on-line presence also be elevated to that level.

This will require the web-page of the CFF to be restructured.

PLAYER REGISTRATION & VERIFICATION

The CFF does not use any player cards - its a costly affair; can be manipulated and damaged; can get lost and and and...too many problems.

So the CFF uses the Provost online system of submitting registrations; updated by Blue Ocean Dynamic and then viewed by all who require to do so.

The CFF has already introduced the Man of the Match accolade in all its games, where those who stand out receive rightful acknowledgment for their performances.

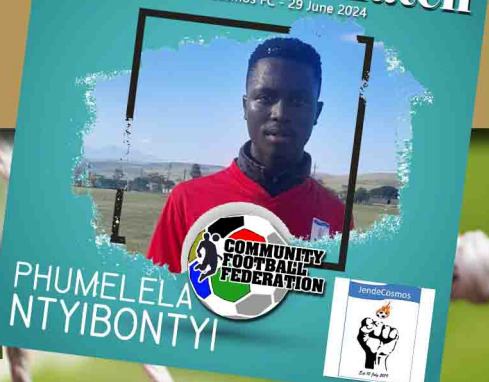

The CFF will be further expanding on that by rewarding each Man of the Match with a medal; after each month a Player of the Month will be presented and receive a small trophy; and each Month a Team/Club of the Month will receive a framed Certificate for their achievement as well.

Where a player is recognized for his performance on the field during a match, a club is assessed on more than just performance. Their discipline, administration, performance and player performances will all be taken into consideration.

JUNIOR FOOTBALL FESTIVAL CIRCUIT

7

The Community Football Federation is all about community football, and what is community football without our children participating?

So the CFF will be introducing a radical new way of junior football in 2025.

It is currently being structured and once we know how many teams and age groups we have at our disposal, we will know how to implement the circuit.

We are very excited about this and we are very much looking forward to rolling this out in the next year.

In discussion with...

MNCEBISI FONDO
(COACH OF EXPRESS FC)

How has your experience been in the CFF?

It has been good, because the league is running smoothly and easily. The team owners are the ones who run the league with the guidance of Blue Ocean Dynamic.

How did you get involved at express FC?

As a football lover I would go watch over weekends. I then saw them play and really liked the way they played the game. I then approached the club leadership and stated I was interested in working with them.

Express FC has a rich football history in Gansbaai. What about it attracts the passionate fans you have?

Since it has a rich history, my desire is to win more trophies for them. It brings smiles to the faces of our fans. They are hoping also we dominate in future CFF seasons to come.

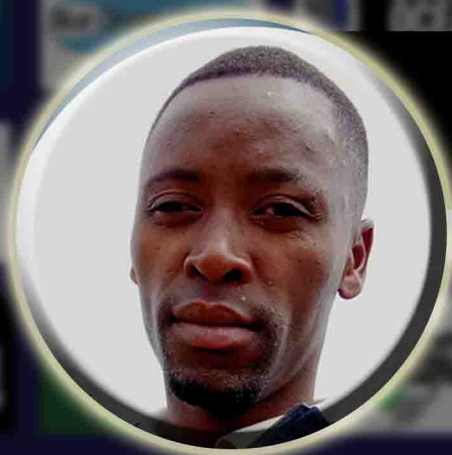

Why should clubs join the CFF?

Everything is transparent and the team owners are in charge. They determine how the league is to operate and function. Its the best.

Express FC won the inaugural Community Shield last month at Masakhane.
